

FRESHMAN

Road to Success

FALL

- *Make an appointment with your guidance counselor to discuss interests, goals, and career ideas. Start building the foundation to your career.
- *Understand the high school graduation requirements.
- *Learn how to calculate your GPA and understand the importance of a GPA in high school.
- *Join a school club or organization.
- *Attend college and career events at your school.
- *Stay focused and organized in your classes.

SPRING

- *Remember 9th grade is the most important year of high school, it is essential that you begin your high school career with a strong GPA
- *Seek out upperclassmen to become a peer mentor to share their high school experiences and offer you support.
- *Think about a career you are interested in and start researching what qualifications you need.
- *Select your courses for next year and speak to your guidance counselor to ensure your course selections align with your desired career goals.
- *Be sure to end the year in good academic standing.

SUCCESS !
